

Ashley Evans

Secretary

I joined TSCHA in 2025 and have really enjoyed getting to know everyone in our club, it's such a wonderful community of people and horses! My background in veterinary medicine, barn management, and breeding has taken me many places over the years and has given me a diverse background in the equine performance horse world. I would love the opportunity to serve as secretary and either way look forward to getting to know everyone better and help our club grow!
