

Karla Camp

Board of Directors

At a very young age I began riding horses and working cattle at my uncle's ranch in Southeastern Montana. They raised Quarter Horses and that started my journey learning about them! Summers spent on the ranch gave me a wealth of experience that still serves me well. I went on to college and graduated with a degree in Animal Science with an emphasis in Horse Production. It also gave me opportunities to have instruction in Reining Horses with trainers such as Jack Brainard and Larry Kastens. After college, I began working on big ranches in Montana and Wyoming. Which lead me to a wonderful opportunity when I was hired on the John Scott Ranch located south of Billings, MT. It was more than just a cow outfit there, we also raised well-bred Quarter Horses! There were about one hundred head of brood mares, cowboy string of geldings, and young horses of all ages. At the time that I was hired, Mr. Scott had just purchased the stallion, Doc O Dynamite, own son of Doc O Lena. That began the start of an amazing 20-year journey with the John Scott Ranch and the horse program that I ran until the dispersal sale of the horses in 2000. I rode and competed on my first cutting horse at the Scott Ranch in the early 1980's, and it began the journey that continues to this day!

During my time in California, I began working for a private horse ranch in the San Inez Valley. There, I was fortunate enough to compete in 2003 NCHA Futurity open in Fort Worth, Texas. Today, I continue to ride and train cutting horses, and give instruction to people of all ages. I have been part of TSCHA since the beginning of the association and I have served on the board for several years. I want this association to continue being a venue that offers affordable prices, good cattle, and good ground so we can all go show our great cutters! The TSCHA is an amazing group of people that I enjoy being part of and I want to see it move forward and thrive!

Thank You!
